the needs of the handicapped child as well as the needs of all children in our schools. Peyton added that he looks forward to 1974, when the building program on the new high school is scheduled to be completed, and the schools can expand.

At the Friday evening meeting of the School Board, Dr. A.A. Fratrick, Chairman, presided over the meeting and all board members were in attendance along with Eugene Peyton, then acting superintendent, general supervisor Frank Chuchek and Garland Gay of Lynchburg,architect with Garland Gay And Associates.

Gay reported to the board that all basic groundwork had been completed on the site of the new high school, all bulk grading was completed with storm drains installed and some stonework complete.

The necessity of having an owner protective insurance policy for the buidling was discussed. Although the builder, J. E. Jamerson & Sons, Inc.,carry heavy insurance there will be occasions when the school board would employ workers on the site. R. H. Gray made a motion that the board acquire protective insurance and Ruth Webb made a motion that J.A. Burke and Company, the school's local insurance agent write up the policy. The motions carried and the board will go on the advice of counsil as to the amount of coverage needed.

T. E. Pittman, Resident Engineer for the Virginia Highway Department, appeared before the board requesting that they pass a resolution approving the construction of an underpass at the railway crossing in Pamplin. Peyton reported to the board that school busses crossed over the railway 22 times a day with busses carrying an average of fifty children. R. H. Gray went on record as being strongly in favor of the underpass. The board voted to endorse the underpass. Pittman explained that the cost for the underpass would be paid by the highway department and the railroad with no cost to the county.

Announcement was made that the auction sale to dispose of surplus school furnishings and supplies would be held on Sat., Aug. 26, at 10:00 a.m. at the Vera School, not on August 19th as originally planned. George's Auction Service will be in charge of the sale.

In other business before the board, the National School Lunch Program was approved, allowing as in the past, students to receive lunch at a reduced cost or free if need be. Also the High School athletic schedule was approved.

The board voted to pay the school's share of tuition for students in special training schools and approved a list of members for the Title I Advisory Committee,

Prior to going into the executive session, the board decided that a one-year probationary period would be given to teachers before tenure could be given to them.

Schools will be open in Appomattox County September 5 for a full day's operation. Parents are requested to have first year students ride the bus to school on the opening day.This allows school personnel to tag beginners with their bus number as they get off the bus. This procedure aids the teachers in getting the children on the right bus in the afternoon for the return trip home.

Parents new to the community are requested to register their childre n at the appropriate school as soon as possible.

Lunches at the Appomattox Primary, Appomattox Intermediate and Pamplin Elementary Schools will be thirty cents, Lunches at Appomattox County High School will be thirty-five cents. Persons whose weekly income allows their children to receive lunch at a reduced price will pay twenty cents daily. Lunches will be served the first day of school.

Letter To The Editor

in every one or the good of our Father coming through every one, including one's self, and will be able to speak as Jesus will know that the reason one has not done this before was because of ignorance and will be able to speak as Jesus did while on the cross, "Father, forgive me; I knew not what I did," and I know our Father with whom I am one will forgive each and every one. Thus, each one, who accepts, has the wisdom, faith, and charity of God, with whom each is one, to help and love one another as Jesus loves us.

Therefore, my message is the same regardless of which way one sees the situation. Of course, this does require one to believe the sayings of Jesus as well as what I have said here. And, I do not speak of myself as separated from God, my Father, I and my Father am one. And, He shows me what to do.

The good news or the gospel today is: Jesus-Christ; the son of Man, the son of God and the brother spiritually, mentally and physically.

Labor Survey Termed Success

Cont'd from page 1

with him to Appomattox 1,000 forms and on two occasions had to have additional forms printed. This alone is an indication of the great success of the labor survey. Mr. Wells stated that the outcome of the survey was very fine, in fact it was one of the most outstanding surveys they had ever conducted. He added that possibly enough people had shown such interest that Appomattox could easily count on even another industry laborwise.

Representatives from Thomasville Furniture Industries, on hand both days to answer questions the applicants might have, expressed their amazement time and time again. They were very impressed with the number of people who turned out for the survey and with the quality of the people,

Approximately fifty local volunteers were on hand Friday and Saturday to assist with the survey.

Plans for the initial employment at Thomasville Furniture Industries is scheduled to begin at 200 to 250 persons and within a year or two after production begins the plant should be employing 600 to 700 persons. Both men and women will be employed in the plant.

tershed project would submit their findings for final approval by the State S. C. S.

In a study of area waterways, McCleney reported that five areas had an overaccumulation of log jams and rock piles that are now being cleaned out.

Resident Engineer, T. E. Pittman, appeared before the board to report on the results of the public hearings in Pamplin on August 9, regarding the proposed underpass which would eliminate road crossings on the railway line in the town of Pamplin. At the request of Pittman, O. H. Tolley, board member, made a motion that the board pass a resolution approving the project. The motion passed. The board also adopted two other resolutions on road construction.

John Hix, newly appointed director of the Robert E. Lee Soil Conservation District, appeared with a request for the county's share of the cost totaling $400.00, an increase of $300.00 over last year's share, but, as the project obtains more of a workload a part-time secretary is now needed especially for the recording of easements. On motion made by John C. Cole, the board voted to finance this amount. Cole stated that in so doing he feels these projects are our best solution to the flood problem of the county.

James A. Smith, Appomattox County Extension Agent, came before the board to present a bid from a private business for county waste pickup service if the county decided to do this. The board stated that according to state law effective July 1, 1973, the county was only required to furnish and maintain a landfill area that a site had already been approved by the state. Transportation of the waste should be left up to individuals and those in the county in the waste removal business.

In other business before the board, Gene Richardson, Appomattox County Sheriff, requested that the board adopt all state laws misdemeanors, covering such offenses such as drunk in public, disorderly conduct and reckless and drunk driving.

The board requested the Commonwealth Attorney, Sam Kerr, to compile all ordinances of the county into one group and to remove all outdated ordinances from the compilings before adoption by the board.

CHILDERS FAMILY REUNION

The James E. Childers and John D. Childers family reunion will be held the fourth Sunday, August 27th. at the Woodman of the World Building, Appomattox. Relatives and freinds are urged to attend and bring basket lunch.

H D Club Holds Annual Cook Out

Members of the Henny-Penny Home Demonstration Club gathered on the lawn of Mrs. Dorothy Scruggs for their annual cookout. Several visitors were present.

Mrs. Scruggs served a delightful menu. It really was a feast. Everyone present had seconds and thirds. We had punch and sodas and topped it off with an orange coconut cake.

We are all looking forward to next July when it's cookout time again.

Farm Bureau To Purchase Shares In Life Ins. Co.

The Virginia Farm Bureau today voted to purchase shares of capital stock in the Southern Farm Bureau Life Insurance Company.

Purchase of the stock will give the Virginia farm organization equal ownership with other state Farm Bureaus in the South.

Southern Farm Bureau Life has more than $3.1 billion of insurance in force, with assets in excess of $300 million. The company is now owned by Farm Bureaus in Texas, Mississippi, Arkansas and Kentucky.

The company is licensed to do business in 10 Southern states and Puerto Rico,

When Virginia became affiliated with the company in 1953 it was offered an opportunity to purchase equal ownership. Instead, it voted to become a participating state.

As of June 30, Southern Farm Bureau had more than $206,418,022 worth of insurance in force in Virginia.

The decision made by the VFBF board of directors is subject to approval by the four stockholding states. The official transaction is expected to take place Jan. 1, 1973.

Southern Farm Bureau Life is part of a service program offered by the Virginia Farm Bureau. Other services are offered by the Virginia Farm Bureau Mutual Insurance Company and Early Settlers Insurance Company.

Why our 4½% is bigger than theirs.

That's the interest rate most banks pay on passbook savings. 4½%. And it's the most the law allows. So how can we pay more?

Here's how. We do it by compounding your interest every day instead of every three months. Or every six months. The way many banks do. Fidelity's difference adds up to an effective yield of 4.6%. Which means more dollars to you at year's end.

Another thing. Your savings at Fidelity earn interest from the day you deposit 'till the day you withdraw. If you're banking somewhere else, chances are all you'll get is a "We're sorry" if you make an early withdrawal.

Stated simply, your passbook savings can't earn more than Fidelity pays.
Because we pay day by day.
